Vicki-

You are one of the most memorable people I have ever known. I can't say that I like or dislike you — there are too many components to your personality for me to say. Whether or not you are as naive and innocent as you seem, I don't know. It seems strange that someone as innocent as you could tell an English class how the first drink feels or how to make over alcohol antiseptic for human consumption. Ah; well —

You and I have something in common — a little letter from a certain scholarship foundation. There, perhaps, the similarities end. You said you enjoyed the Rifle Team. I hated every minute of it. You dig Boch. ~~X~~ I think he should go Boch where he came from. We really haven't had too much in common.

The point of most ~~X~~ disagreement in religion. I think it is an odious thing to depend on a self-appointed prophet in a pulpit to tell one how to look at life. I think it strange that a modern person should have as a Holy Book a Jewish Scrapbook of violence, sadism, sex, paranoic rantings; and genealogy. I think it strange, but it is your choice.

By everyones standards but mine, you are a wonderful child, so I guess I am wrong for disagreeing. But in you, I only see a woman chained by phony morality into not being a woman, an intellect destroyed by ridiculous myths, and a pure and kind heart corrupted by the teachings of someone - I don't know who — who did you wrong, honey-child.

Of course, you may change. You may turn into a bombshell — by my standards. Then, of course, you would no longer be received at church socials and Baptist comps. do a Southern Belle you have the now-unused potential. But it is your choice. Do as you wish. Remember that — always do as you wish. You are the only one, in the end, to whom you will have to answer. Live with yourself, know yourself, be yourself.

— Charla.

Dear Friend,

The management of the U.S.S. Mundockian 1960 would like to take this opportunity to confirm your reservation on our ship for a cruise through your senior year in high school.

You will be meeting the officers, crew, and cargo; the stockholders, management, and maintenance, as well as reliving all the events that will have taken place.

Every effort has been made to insure your complete comfort and traveling convenience. We hope you enjoy your cruise.

Sincerely,

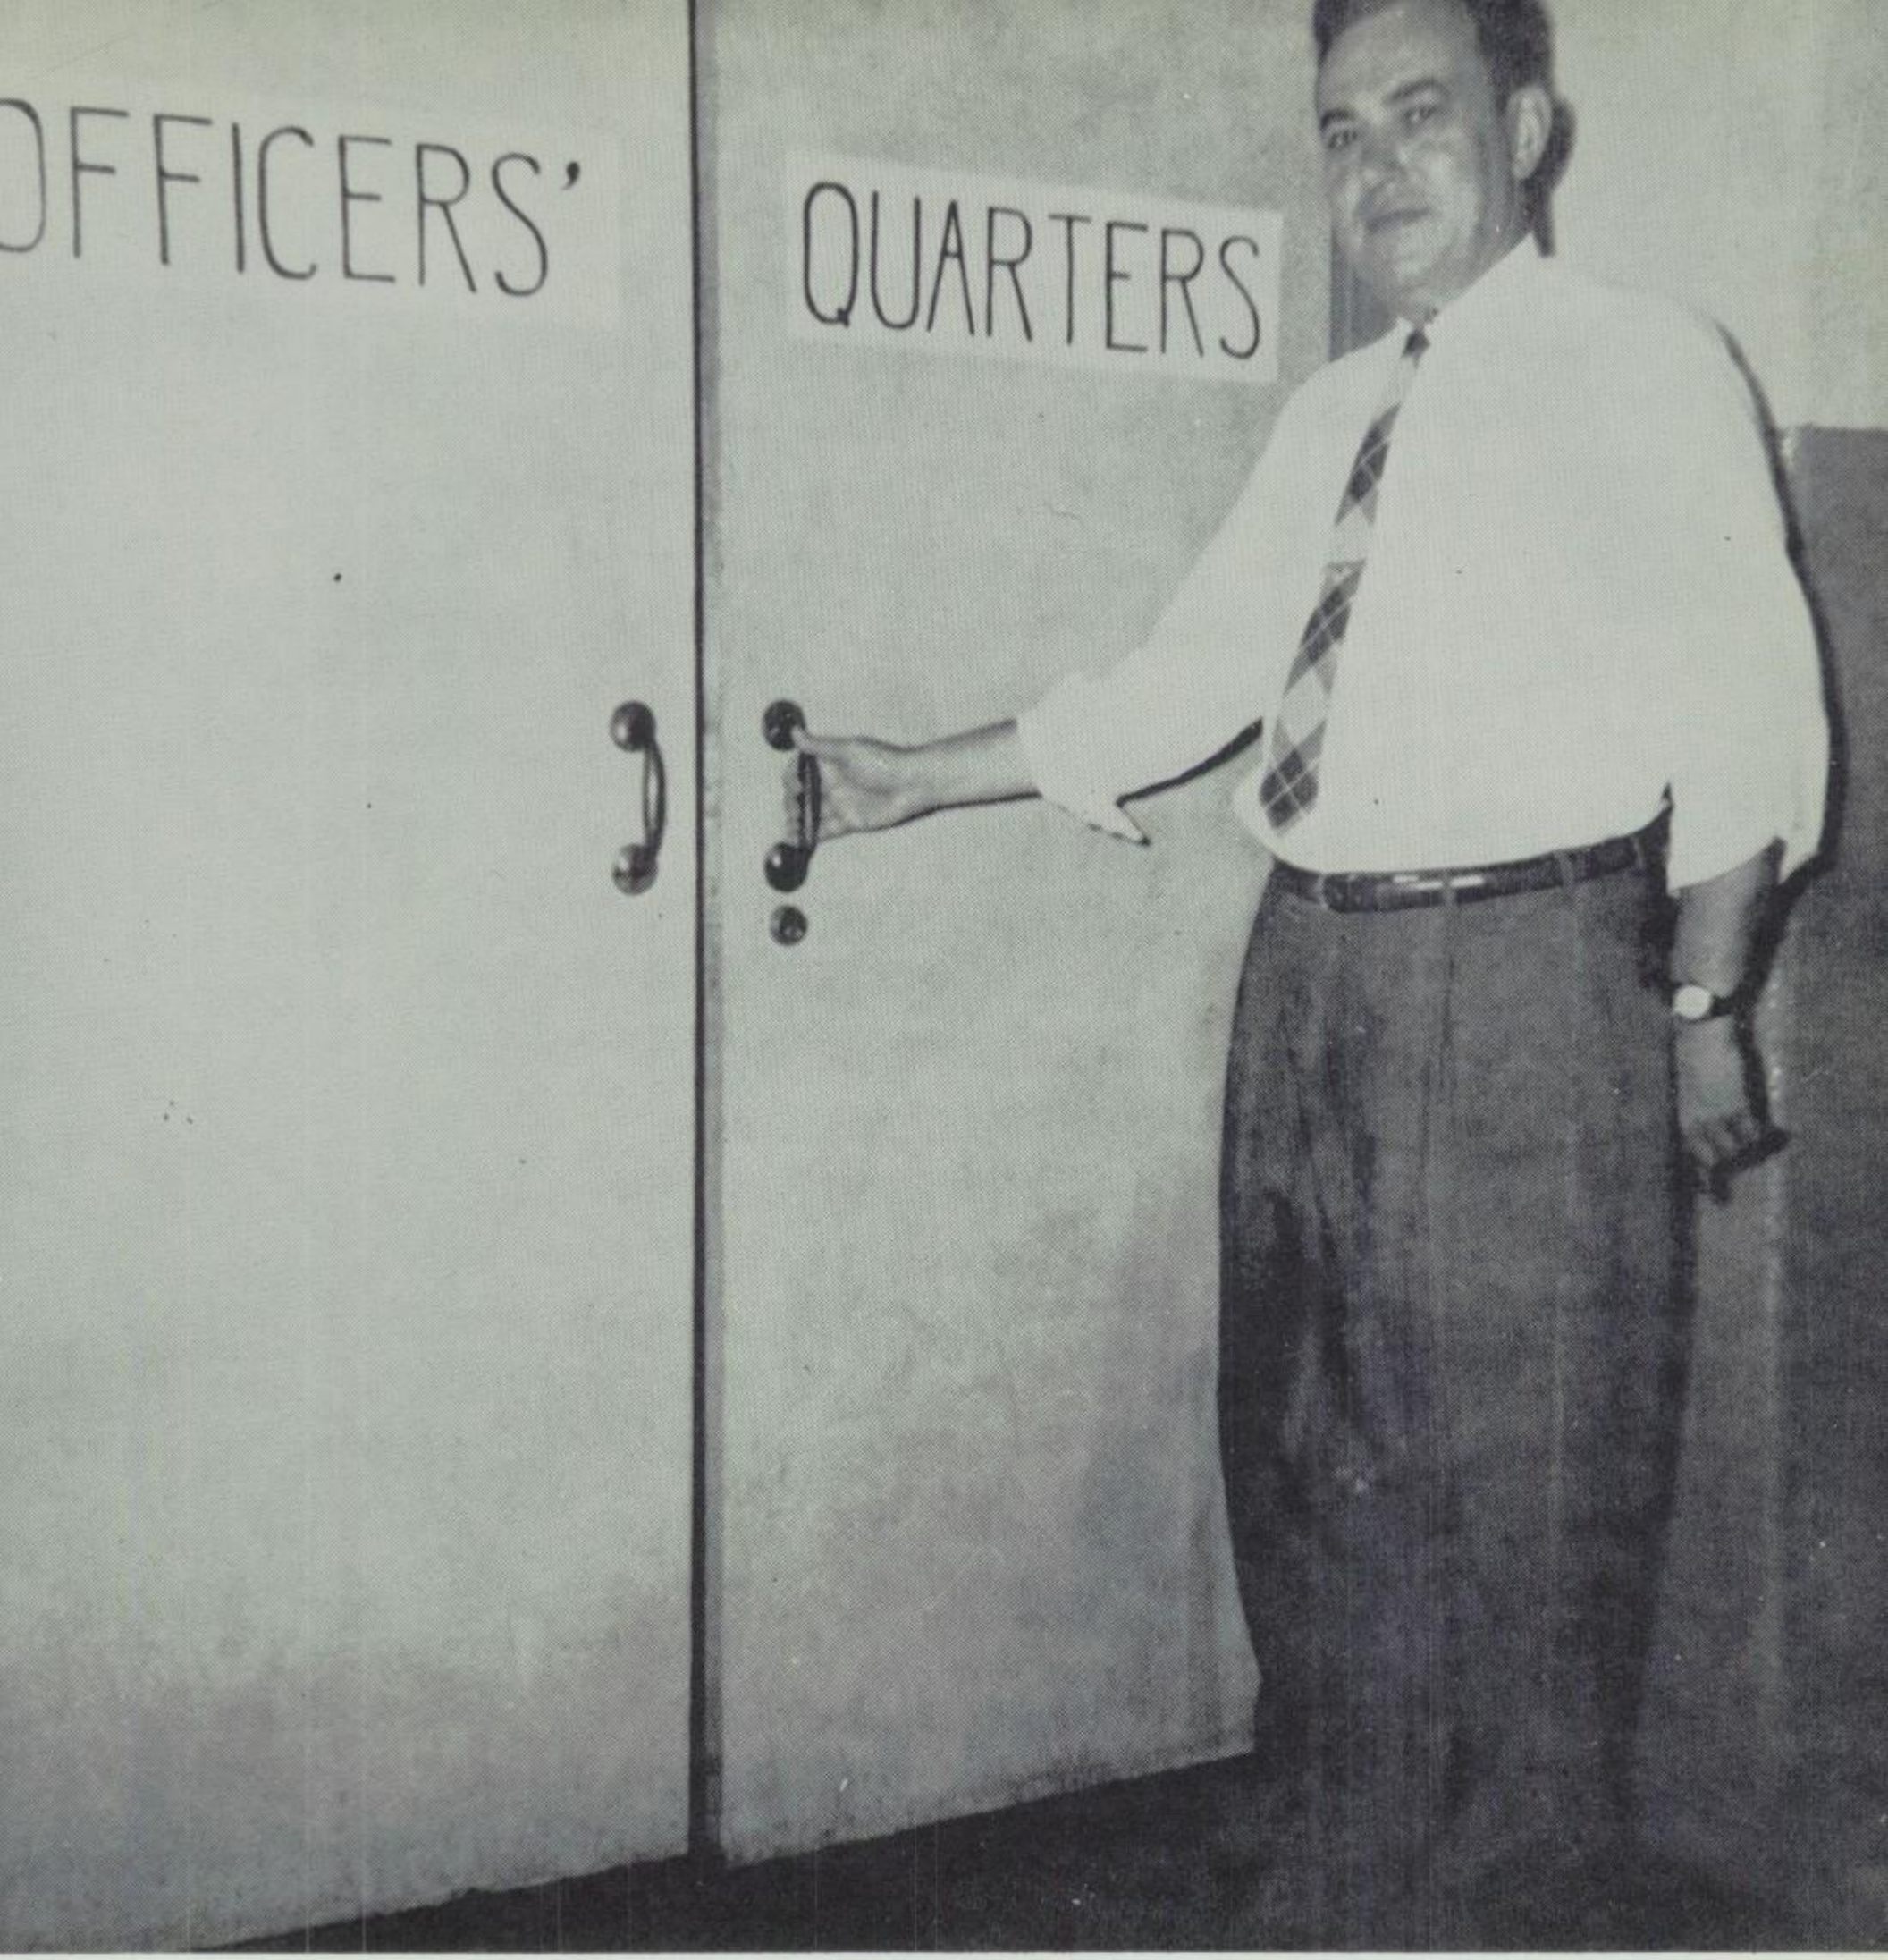
Behind every successful ship there must be a good designer. He is the one who thinks up the master plan, draws up the blueprints, racks his brain over what can possibly be to the best advantage for his ship, and sees to it that his plans are carried out. He must make certain that his head construction engineer and contractors understand exactly what he wants, working all the while under the limitations of cost and space, fitting in every convenience he possibly can. He has to be on hand from start to finish, so that he can give directions, answer questions, and be of all over general service. Indeed, the designer is the mainspring of the entire shipbuilding process.

The S.S. Mundockian has one such designer. Without his patience, good humor, and untiring interest, our ship would never have set sail. He has always been on hand to catch up on the thousand and one details that are always popping up, to encourage and push his staff to meet their deadlines, and to generally glue his operation together. Thus, it is that with sincere gratitude, we, the staff, dedicate our ship, the S.S. Mundockian 1960, to its advisor, Mr. Kenneth D. Child.



Administration and Faculty

We know what Master laid thy keel,
What workman wrought thy ribs of steel,
Who made each mast, and sail, and rope,
What anvils rang, what hammers beat,
In what a forge and what a heat,
Were shaped the anchors of thy hope!

Longfellow

The Admiral

I congratulate you upon your graduation from high school. The earning of a high school diploma is a significant goal in life. You have reached this goal through faith, work, and perseverance.

Commencement signifies a beginning, rather than finality. For some it may mean college; and for others, the shop or the office. Whatever you may do after graduation should be the beginning of a career, a life of dedicated and devoted service to your fellow men.

Always cherish the freedoms and opportunities which are yours, because others had interest, faith, and trust in you. Accept the responsibilities which go with the freedoms and responsibilities which are yours. Transform the trust and faith which your parents and associates have in you in a life of service to others.

As you leave, our best wishes go with you to the end that God may richly bless you with stamina, courage, and love to strive for the true, the beautiful, and noble in living.

Again, we congratulate you and extend our best wishes to you.

W. W. ESHELMAN
Supervising Principal

The Captain

On behalf of the High School Faculty we wish to extend our congratulations and best wishes to the Class of 1960.

Graduation from High School has become a comparatively common goal in the life of the American Youth. In the process of becoming accessible to all it has become almost a necessity. You are to be complimented upon achieving this goal.

The challenge now before you is to use the talents and abilities that have been endowed to you by your Creator and developed to some degree by you. The opportunities for additional education, whether it be on a full time basis in the College or University; or on a part time basis as you are working on your job in the office or industry, are waiting for you.

It is our hope that your home, your church, and your school have contributed in developing and strengthening those qualities necessary to your intellectual, spiritual and moral growth.

As you leave Upper Dublin High School our best wishes go with you.

Sincerely yours,
Norman L. Jones

The Commander

Fellow Shipmates:

It is with pleasure that I greet the shipmates of the Class of 1960. As you sail over life's sea, I sincerely hope that your abilities will calm the troubled seas.

Life with its complexities can be eased only by your concerted effort to apply acquired knowledge and true Christian humility.

When one desires to make progress and demonstrate his abilities during the voyage of life, he is fast approaching a home port. When that port is reached, he is capable of thinking in retrospect—this is my life and this I have accomplished. If I were to make the choice again, would I repeat my performance?

There is but one goal for all—One conscience for each to train.

What stands if self esteem falls? I must from evil thoughts refrain. To each a successful voyage to the port of happiness.

Ship Log

1954—Seventh graders. When we began our cruise through school, we thought we were really big shots until we started to change classes. Oh, how big everything seemed and how lost we were at first! It was fun, though, and we made a lot of new friends. Both supporting our school's sports program and attending the dances helped us to feel that we were a part of this school. We were very proud that we were the seventh grade that completed Upper Dublin.

1955—Eighth graders. We knew our way around by now and had no trouble getting into the swing of things. This year we were asked to elect representatives to the Junior High Student Council which had just been formed. During the year, we all looked forward to the Harrisburg trip which had been planned for us. No one will forget the visit to the State Capitol and to the Hershey factory, or the wonderful time we spent at Hershey Park. Shortly after our trip, we had final exams, and then school was out for the summer.

1956—Freshmen. As we continued on our journey, we were not surprised to find that we became busier. This year we chose the course we wished to follow for the next four years and really settled down to work. Our class advisors, Mrs. Eckles and Mr. Child, were appointed. These were the two who would help us and sponsor our activities during our remaining years at Upper Dublin. In the spring of the year two big events occurred. The first was the presentation of our ninth grade play, that year a mystery, "House on Fallen Leaf Road." It was a great success, and those who watched it were as pleased as the cast. At the close of the year we went on our trip to New York, where we toured Manhattan Island by boat in the baking sun! What a time we had! We also enjoyed a show at Radio City Music Hall and saw the world from its tallest building.

1957—Sophomores. Full-fledged senior high students! Really it wasn't too different except that now we could participate in varsity sports and the homework seemed to get a little harder. We sponsored the traditional "Tag Day" and ended the year by ordering our class rings.

1958—Juniors. Our ship moved rapidly through our high school years. Our class rings arrived shortly after school opened, and we

Class of '60

frantically "dug up" the money to pay for them. During the year, we held cake sales in the cafeteria, which the students greatly enjoyed. We also sponsored another "Tag Day."

After Christmas we began working on the Prom. We had many ideas for the theme, but finally chose a Roman garden and called it "Vesper in Roma Antiqua." We worked hard, and it seemed impossible that time could pass so fast. The big night arrived, and we entered a breath-taking atmosphere of Roman culture. The Starlighters provided music, and we danced against a background of Roman pillars, fountains, and beautiful flowered branches under a blue sky. We then attended post-Prom parties at Bill McAfee's or Hustle Inn. What a wonderful way to end a year!

1959—Seniors. Our journey was quickly coming to an end, and it seemed as if we would never accomplish all that we wanted to do. The year whizzed by. Our first adventure was the presentation of the play "Meet Me in St. Louis," which was directed by Mrs. Virgilio. We attended the Coronation Ball and then sold Christmas cards with the hope of increasing our treasury. Before the holidays we ordered name cards and then began decorations for the "Candy Cane Ball," which was the last dance sponsored by us. We found that our classes during the year were often disrupted by bulldozers and steam shovels which were digging the foundation for the new school right outside our windows. What a mess! This year was also a year of many memorable parties which broke up the daily routine of school. And who will forget the combo which was formed that entertained us at many of our dances.

By May things were going so fast that our heads were spinning. This year it was our turn to be the guests of the juniors at the Junior-Senior Prom. We had a fabulous time, and it was an evening we'll all remember. Final exams followed, and then came Baccalureate and Class Nite. Before we could get our breaths, June 8th arrived, and we found ourselves walking down the aisle. We realized that our high school cruise had come to an end, and that we now would each go our separate way.

1960—As we leave, we would like to say a word of thanks to our teachers and friends who have helped us to enjoy our high school years. We greatly appreciated the patience, co-operation, and guidance we have received from them; and we know that what we have learned at Upper Dublin will aid us in future years.

Class Officers and Advisors

C. Bahmueller, M. Delp. N. Schrope, A. Stuempfig.

I wish to express my appreciation to the Class of 1960 for supporting the activities which we have sponsored in the past years. It has been an honor for me to serve in the capacity of President and to have the opportunity to work with the other class officers.

The class and I sincerely wish to thank the teachers who have contributed to our education either in the classroom or in our extracurricular activities. We wish to give a special note of thanks to our advisors, Mrs. Eckles and Mr. Child, who have helped us with our many projects. Without their guidance we would never have accomplished the things we did.

I extend to every senior a wish that his future years may be happy and successful ones, and that he might put to use the knowledge that he has gained at Upper Dublin.

Sincerely,
Anthony Stuempfig

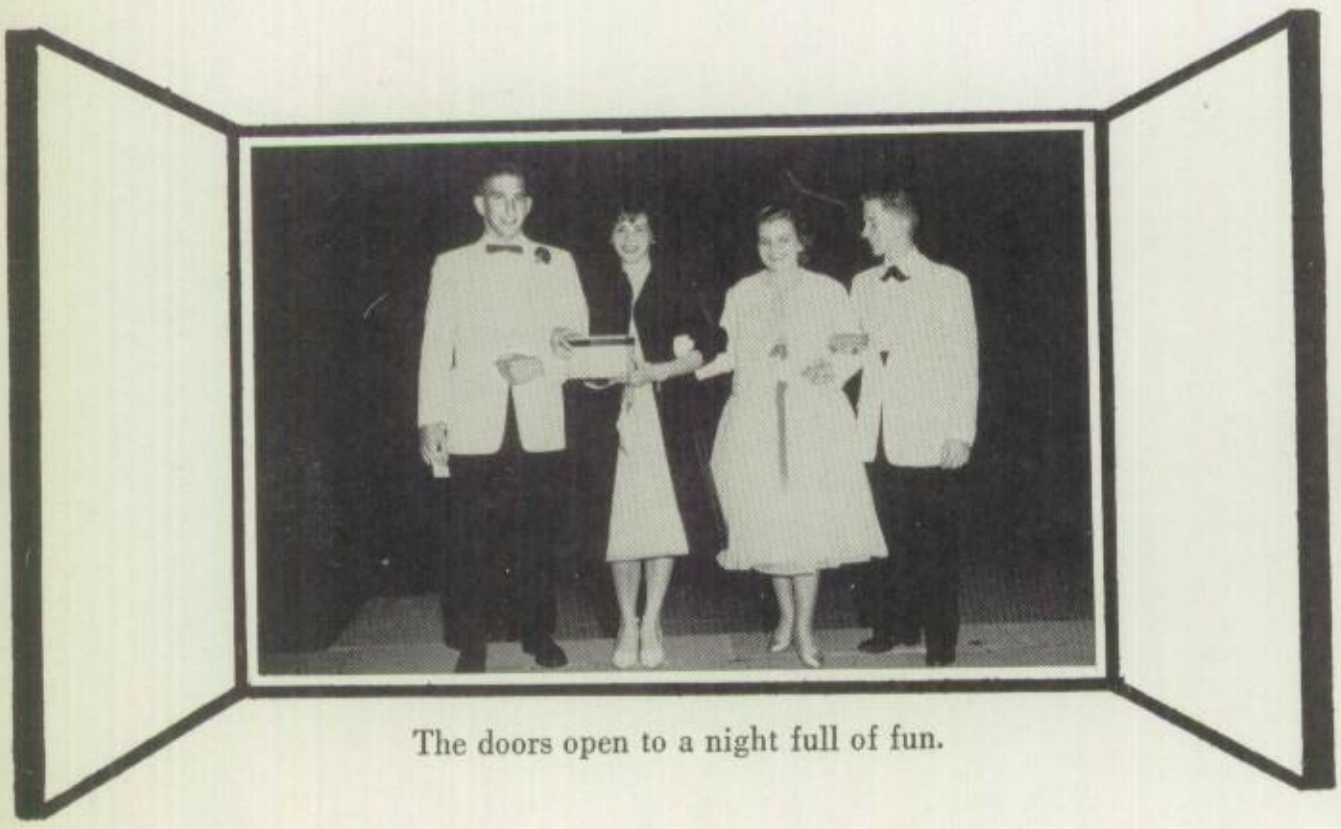
SUPPLEMENT TO 1960 MUNDOCKIAN

Fantasy of the Deep . . .

The lovely mermaid made the atmosphere most convincing.

This is



The doors open to a night full of fun.

This is what the suspended fish probably saw.

(Our thanks to John Vroom for his artwork in the supplement)

With Price Dowdy supplying the beat, we entered the world of fish and mermaids for a delightful evening under water given by the class of 1961. All too soon the clock struck twelve, and we were on our way to Fortside Inn for a post prom party.

it!

The Juniors served very good "sea food."

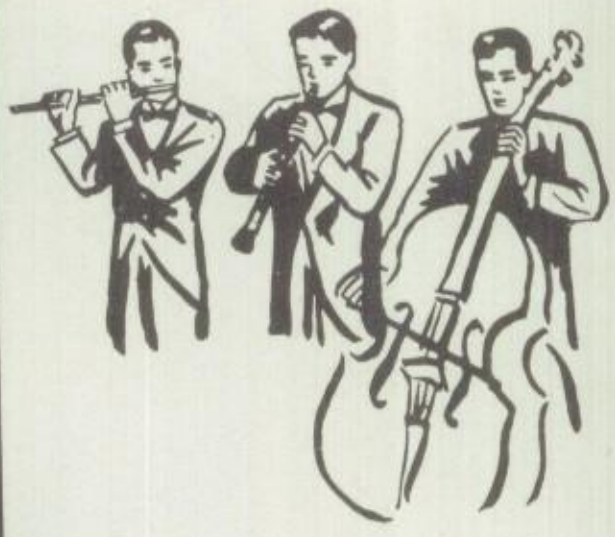
At the Inn . . .

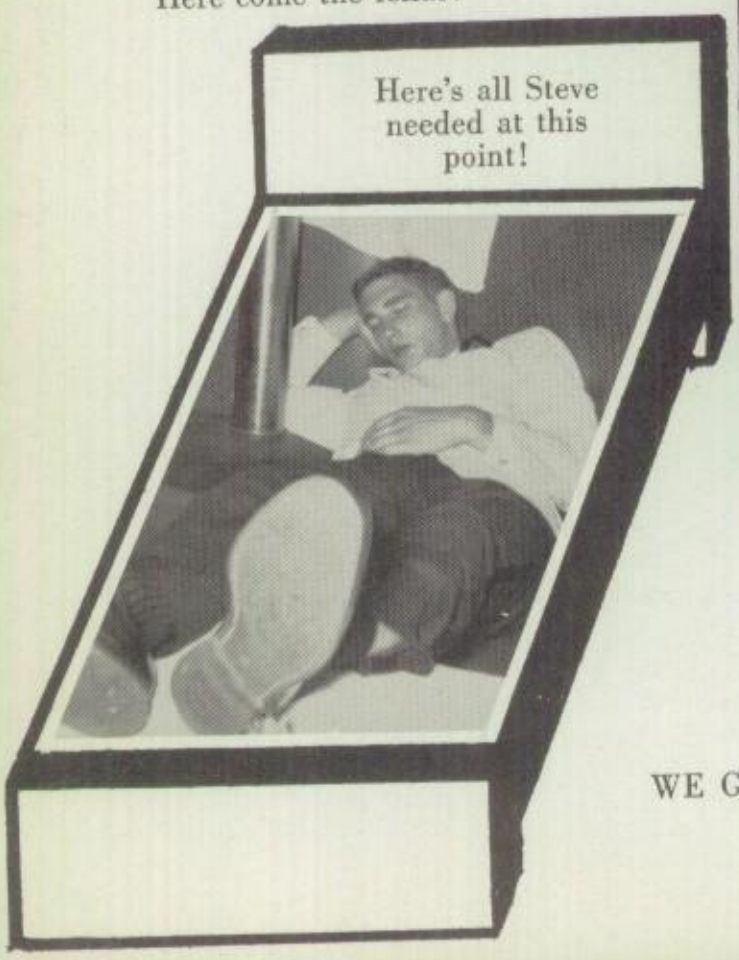
That's what they told us: Eat, drink, and be merry.

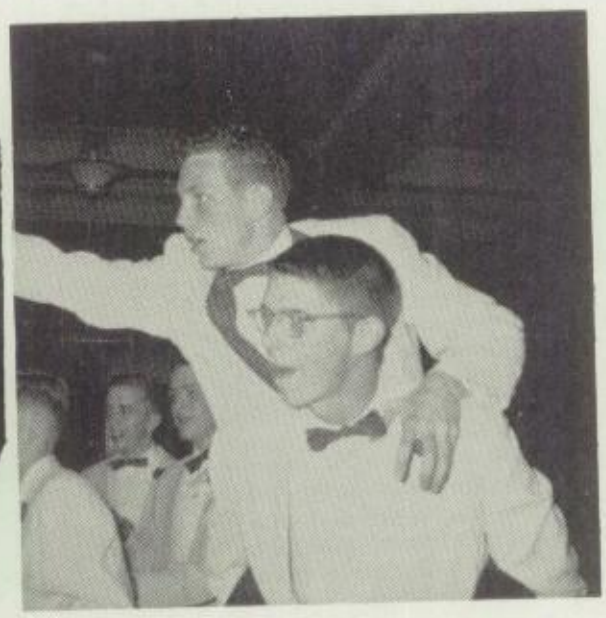


Here come the fellas!

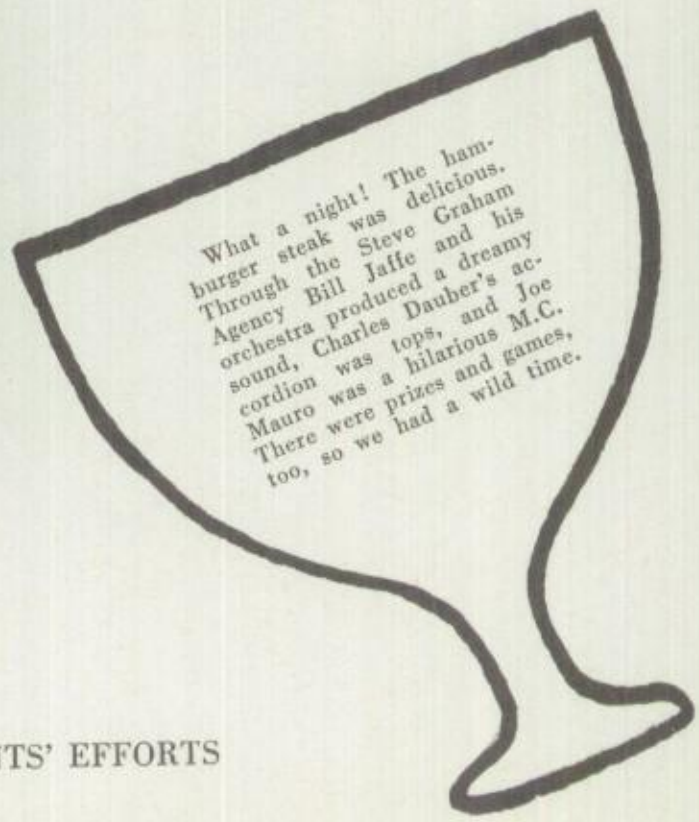
Some impromptu entertainment

Oh, Wayne, you wouldn't dare





Like help!



What a night! The hamburger steak was delicious. Through the Steve Graham Agency Bill Jaffe and his orchestra produced a dreamy sound, Charles Dauber's accordion was tops, and Joe Mauro was a hilarious M.C. There were prizes and games, too, so we had a wild time.

Senior High Hockey

At hockey camp the girls got the needed experience to have a rather successful season, having a record of six wins, three losses, and one tie.

Our first five games were victories over Schwenksville, Stevens, Gwynedd Mercy, Bridgeport, and Collegeville-Trappe. The next five proved to be better competition and here we ran into trouble, losing three, tieing one, and winning one. Although we lost a heartbreaker to Jenkintown, we still remained tied for first place. The season as a whole proved to be good, taking into consideration the fact that two of our varsity players were out for the season.

Coaches, Mr. H. M. Jones and Mr. Gross.

The Junior Birds of the 1959 season are by far the best Junior high football team Upper Dublin has ever had. They ended the season with a 6-0-1 record and scored 167 points while holding their opponents to only 34 points on nine touchdowns and three extra points. Guilfoyle followed with 47 points, on seven six-pointers and five conversions. Cottom was named Co-Captain for the 1960 season by coaches Jones and Gross.

Co-Captains, D. Williams and S. Guilfoyle.

With the exception of a few boys returning from last year's team the 100 pounders had practically a new team. Though inexperienced, the boys play some hard and rugged football. They had a sort of abbreviated season, playing only three games, ending the first with no score, and beating Lower Moreland 7-0 and Conshohocken 19-7.

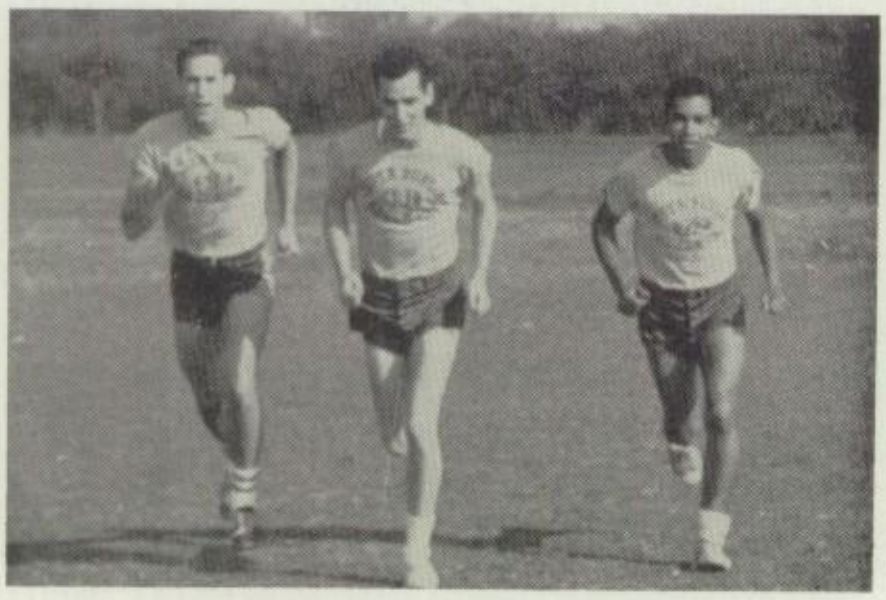
Coaches, Mr. Bekmezian and Mr. Corrigan, the new assistant coach, were very proud of their team.

Cross Country

BACK ROW: Coach, Mr. Child; D. Palmero, W. Kern, C. Lewis, J. Tyson, D. Youtzy, J. Ricketts, D. Snyder, W. Rees; Manager, E. Papp. FRONT ROW: B. Hibschman, A. Hagger, P. Arnold; co-captains, J. Kelly, D. Duff, D. Williams, B. Greenwood, J. Schuman.

The Cardinals Cross Country Team started off the year with what looked like a winning season. They won two out of the first three meets, defeated Hatboro in the first meet and Octarara in the third. Unfortunately though, they ended the season with a record of 2 wins and 11 losses.

Coach, Mr. Child with co-captains Dave Duff and John Kelly.



P. Arnold, D. Duff, J. Kelly.

Number one man on the team was John Kelly, a sophomore, who will be returning next year. Second place was held by senior, Dave Duff.

Although we had a losing season, the future looks bright for the Cross Country Team because of the exceedingly large number of ninth and tenth graders on the team.

The Junior High, under the direction of their new coach, Mrs. Spahr, had a good season. Since some of the varsity players will return and the J.V. team was good, next year should prove to be even better.

Some day.

The Varsity Basketball team didn't have one of its better years but it wasn't all that bad. We finished splitting 20 games right in the middle. In league competition, we were 8-4 and ended in at three-way tie for second place. Our team wasn't rich in ability and experience, but it had what it takes on the other end; hustle, spirit, and the want to win.

Coach, P. M. Jones, is looking toward an undefeated season next year as there are 5 of this year's first 6 returning.

Success is not measured in a team's record; it is measured in a team's spirit and the way they play. This year we had a fine season, because we had all around success. We were the champs, undefeated, of the Inter-County League. Next year's team will feel the loss of some of their most valuable players, Kathy Birchler, Janet Stuart, Betsy Bolenius, Clara Rogers, and Flossie Worster.

The Junior Varsity ended the season better than .500. They won 10 and lost 9. In the league they followed in the Varsity's footsteps by winning 8 and losing 4. They placed third in the league.

Because of the large number of tenth graders on the J.V. team, and the well experienced Junior High team, the J.V.'s should be very successful next season.

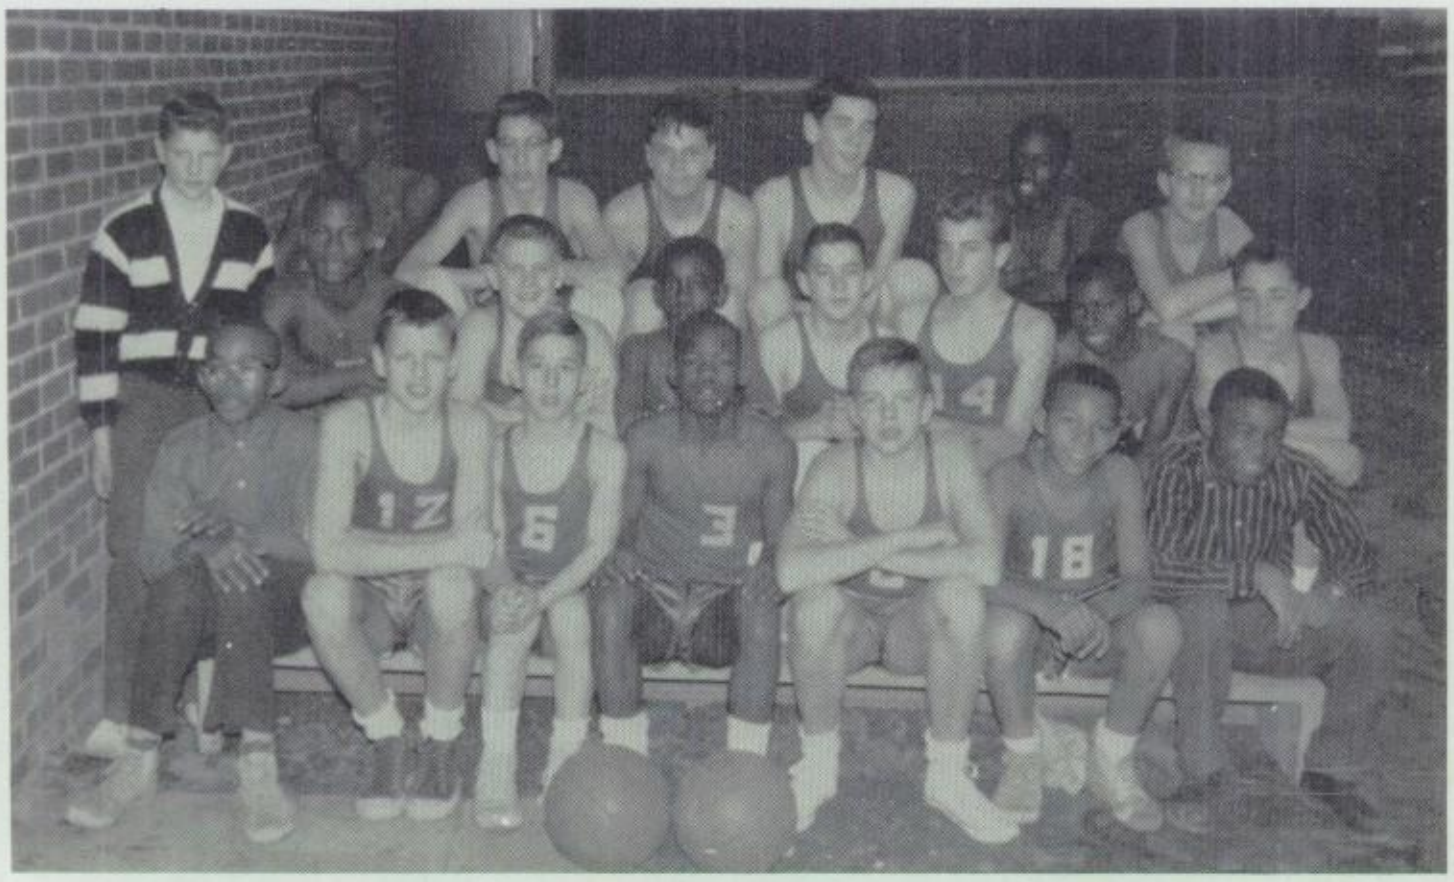
The U.D. Junior High boys won their third consecutive Central-Montco Junior High Championship. They were the first team in the school's history to finish with an undefeated, untied season. The team averaged 52 points per game to their opponents lowly 29 points.

High scorer for the team was captain Dick Snyder, who scored 253 points for an average of 22 points per game. He was followed by Royall Harner's 115 points and Harold Cottom's 92 points. The first team was rounded out with Sandy Guilfoyle and Bill Weikel.

The Mice



The Junior High J.V. Basketball team compiled a record of 9 wins and 3 losses, ending in a tie with Lower Moreland for the Junior High J.V. Championship. Jim Larson and Ruddy Cottom will be the nucleus of the team next year.

The Cardinal's baseball team finished last year's season with an 11-5 record, winning 8 of their last 10 games. With only 4 lettermen returning, this year's team will be rounded out with members of last year's Junior Varsity and Junior High teams. Seniors returning will be first base, Dave Seibold, center field, Percy Herder and Bill Mallozzi. The squad will be handicapped by playing all of their games away and practicing at an Ambler playground because of construction of the new school. With a large number of sophomores and juniors, we ought to have a well-rounded if inexperienced team.

Cardinal Staff

The "Cardinal" is back from the grave, where it fell several years ago from lack of support and interest. It is easy to understand its disappearance, for the school it represented was a fledgling, new-born and shaky. It is just as easy to understand its rebirth now, because this rebirth coincides with the "New Day" of the school.

Upper Dublin will be growing fast, now; and, trite as it may sound, this newspaper will be growing with it. As the institutions of the school mature, the newspaper will serve as a critic and a means of informing the students of these changes.

Advisor: Mr. Gross; Editor and Co-Editor: Charles Thomas and Naomi Goldberg.

Someday, the "Cardinal" will be as great as this school will be, and it is always better to begin something than to enjoy its fruits at its consummation. This point may illustrate how much our school owes and will owe to the staff which has begun this venture so auspiciously—Naomi Goldberg, Wendy Henry, Buck Elliot, and Bill Weikel in particular. In a very real sense, these people have begun what may someday be a vital part of the school picture.

The Upper Dublin Senior High Student Council is the representative government of the student body. Its membership consists of a boy and a girl elected from each homeroom. These representatives must attend all meetings and maintain a "C" average to remain a member of the council.

This year's Student Council has been one of the most active governing bodies in the history of the school. The first major activity, run by the Council, was a "bonfire" before our Pottsgrove game. The Coronation Ball and the crowning of U.D.'s football queen were the next important activities.

In addition to its other programs the Student Council sponsored canteens, complete with a student band and vocalist, after all the Friday night home basketball games.

So that the needs of the students might be adequately met, the Student Council this year restocked its school store with many new items.

One of the major accomplishments of this year's Council was the formation of a Student Court. Consisting of a chief justice and six justices, it administered impartial judgment throughout the school and became an influential and respected body. Because the Student Council, sometimes an unrecognized organization, has been working hard, it has become a very important democratic governing body in our school.

I should like to thank the student body and the members of the 1959-60 Senior High Student Council for their cooperation and enthusiasm. It has been a privilege and pleasure to work with them.

I should like also to express my appreciation to the Administration, to Mr. Duelfer, our advisor; and to the officers; Bill Everitt, Vice President; Wendy Henry, Secretary; Vince Curll, Treasurer; and Steve Hatzai, Sergeant-at-Arms.

The purpose of the Junior High Student Council is to investigate and solve problems originating in the Junior High, and also to conduct such projects and activities that the group feels will be useful to the school.

This year the council has sponsored the United Fund campaign, the Christmas tree in the lobby, monitors to keep our lunchroom neat and orderly, and helped to organize a better lunchroom schedule. To help carry out its campaign "Let's Be Neater," the council purchased and installed two mirrors in the halls. We have sponsored pep rallies to encourage the Junior High teams. Socially, we have provided special assemblies and a number of dances which, judging from the attendance, were obviously successful.

The money from one of the dances was contributed to the Boys' and Girls' Sports Banquet. The balance of the money, at the end of the year, will be used to purchase items needed by the student body.

This year we are endeavoring to write a constitution especially for the Junior High Student Council. Up until now, it has functioned under the constitution of the Senior High Student Council.

We of the student council would like to thank Mrs. Eckles for the encouragement and help she has given to us. Mrs. Eckles has been the sponsor of the Junior High Student Council since it was started in 1956.

I would like to thank the Junior High students for electing me to the presidency of their Student Council; I hope that I have carried out all their suggestions. The council has tried to make this year a profitable and enjoyable one for the Junior High. I would like to thank all the students and teachers for their help and co-operation in making so many activities possible.

WENDY HENRY

We held our traditional Coronation Ball in the Ship's Ballroom on October 31, 1959, in honor of our football queen, Wendy Henry. Her majesty reigned over the evening's festivities which featured the music of the Impromptones. The happy atmosphere was increased by our victory over Jenkintown the previous evening.

THE IMPROMPTONES

Santa Claus

The Christmas Season found the seniors madly decorating for their annual dance, which was held in the ship's ballroom. On the evening of Dec. 19, 1959, the doors were opened to reveal a gay holiday scene. During the evening, some of our musically inclined students sat in for the band, and were most enjoyable. The Impromptones returned to provide the remaining music for our "Candy Cane Ball."

Dear Vicki -

I think the main thing that has kept us a close as we are is the fact that we both share such a great love for music. as you know, music is one of the things that has meant and will continue to mean a great deal to me; and finding someone such as you, who can understand how I feel - and better yet, feels somewhat the same way - will always help me remember as one of my dearest friends.

We have disagreed on many things, but after all, who doesn't?

I wish you the best of everything next year at Eastern Baptist and hope you'll write to me. Always remember my standing invitation for you to come visit me at Hood.

Sincerely,
Connie

SELAS CORPORATION OF AMERICA

Dresher, Pennsylvania

Dear Vicki,

Words cannot express how wonderful it has been to have a friend like you — (that sounds flowerly, but it's true!) You have made my days at U.D. more enjoyable and rewarding.

I feel that you have been a perfect influence for me in these the formative years of one's life. All I can say is, that I hope we will always keep in contact in the future, and I look forward to many "reunions".

May your years at College give you much personal satisfaction and may all your dreams come true.

With your sweet personality, talent, and attractiveness I know you can't miss!

Not only will I remember the good times in connection with school, but also the more memorable ones outside of school. Here's hoping we can have the best time ever at the Prom.

As ever,

"Dor"
